### **EMS Termination Of Resuscitation And Pronouncement of ...**

27/10/2020 · EMS personnel are often the first medical providers to initiate care of critical patients outside of the hospital. As the first contact with patients, they often encounter difficult medical and ethical situations, none more so than when critical patients are in the peri-arrest and cardiac arrest state. These situations include issues of whether to initiate cardiopulmonary ...

### **Still tired with CPAP treatment. What is wrong?**

I use my CPAP machine every evening, but I still am tired during the day. What is wrong? Answer If you're still tired after using the CPAP machine, then you most certainly have CPAP resistant syndrome or True Residual Sleepiness. The science explains that there is a residual sleepiness in some patients with sleep apnea, which takes time to disappear (1).
