Educational technology - Wikipedia

Educational technology (commonly abbreviated as edutech, or edtech) is the combined use of computer hardware, software, and educational theory and practice to facilitate learning. When referred to with its abbreviation, edtech, it is often referring to the industry of companies that create educational technology.

Business Communication for Success - Open Textbook Library

Each chapter is well organized with distinct subsections which would give the instructor flexibility in how they wanted to assign the text. The drawbacks to using this text include a lack of supplemental teaching resources, minimal graphics in the text, and lackluster chapter exercises.

English Lesson Resources KS2 | Printable Literacy Resources

Use these resources to support teaching at home or NQT and experienced teachers can save time on lesson planning and preparation. Alongside our easy-to-use lesson planning tool, Twinkl can help make lesson planning, assessment and marking as stress-free and simple as possible.
