Faculty, Instructors, and Mentors | WGU

20/9/2021 · Students primarily interact with three types of faculty at WGU: Program Mentors, Instructors, and Evaluators. Mentors and instructors interface with students by phone or by web to provide tailored instruction and support in their areas of experience, while evaluators provide feedback and perspective on student

assessments.

Undergraduate programs - Concordia University

Explore our undergraduate programs and find an academic path that's right for you. Study established or emerging academic fields, pursue an honours degree, combine subjects, or add a minor — our diverse strengths let you tailor your studies to your interests.

American Government

Available within Connect, SmartBook 2.0 personalizes learning to individual student needs, continually adapting to pinpoint knowledge gaps and focus learning on concepts requiring additional study. For instructors, SmartBook tracks student progress and provides insights that guide teaching strategies and advanced instruction, for a more dynamic class experience.

Workplace Psychology | The Science of People at Work

“Leadership is a future-oriented ability to establish direction, align people, and help others to work together. We believe a leader is one who develops a vision of the future, prepares the strategies for achieving it, and supports the execution of that vision” (Stewart &

Stewart, 2021, p. 6).

2 Goals for Science Education | Taking Science to School ...

Science is built up of facts as a house is of stones, but a collection of facts is no more a science than a pile of stones is a house.. Henri Poincare, *La Science et l’Hypothese* (1908) Before one can discuss the teaching and learning of science, consensus is needed about what science is and why it should occupy a place in the K-8 curriculum.

Read "Educating Teachers of Science, Mathematics, and ...

Level of content knowledge typically has been defined by the specific number of hours of science content or mathematics content coursework that must be a part of prospective teachers' preparation. At the elementary school level, this might be one to three courses, which, depending on the teacher education program or specific state requirements may or may not be tailored to prospective ...
