## Move App Icons Anywhere on Your iPhone's Home Screen ...

27/2/2015 · Your iPhone's home screen is a tricky thing. You can sort your collection of apps in any order you'd like, but where you place those apps is a totally different story. App and folder placement follows a strict grid on iOS from left to right, top to bottom. No exceptions, and that's how Apple wants it. So you might think without a jailbreak you're stuck with this layout — but you're wrong.
